

# The Big Energy Debate in Dundee Sun City.

Caird Hall, City Square, Dundee  
Thursday 19th April 2007 at 6pm

Guess what - **there's an election looming...** Are you fed up of predictable and boring political debates? Us too! Instead we have arranged a feisty **BIG ENERGY DEBATE** and we want you to come. As well as great music from Dundee's own, **THE HAZEY JANES**, we want to give you the chance to ask the questions about all the energy related matters that affect Dundee, Scotland and **YOU**.

For the first time audio and video highlights will be available afterwards on The Herald newspaper website thanks to the Votepods project which is backing this debate.

With **LESLEY RIDDOCH** as chair, these discussions should prove interesting and definitely entertaining. We hope you can all come and debate issues such as:

- Should Dundee have more **inner city wind turbines** like Michelin?
- Should Scotland have **wind turbines** in the countryside at all?
- Should Dundee be using the **tidal power** of the Tay to power the city?
- Should Scotland go **nuclear**?
- Should we all have **solar panels** on our houses?
- **Do we really care** about any of this so long as the lights stay on?

Come grill the panel:

Alex Johnstone, MSP - Energy Spokesperson, Conservatives

Brian Wilson - former UK Energy Minister, Labour

Davie Black - Wildlands Officer, Ramblers Association Scotland

Felicity Garvie, Scottish Socialist Party

Jim McFarlane, Solidarity

Richard Lochhead, MSP - Energy Spokesperson, SNP

Ross Finnie, MSP - Minister for Environment & Rural Development, Liberal Democrats

Shiona Baird, MSP - Co-convenor & Energy Spokesperson, Scottish Greens

We will also be launching the Dundee Sun City campaign to put Dundee on the map as Scotland's first 'Solar City'.

Come and have your say, visit the energy fair and listen to:

**The Hazy Janes**

This event is **FREE** of charge but book early to avoid disappointment by emailing:
